INTERNATIONAL ALSTER CUP

Greeting

Welcome to the 1st International Alster Cup 2020 in the Free and Hanseatic City of Hamburg.

With more than 900 starters in the mode of Round-Robin (everyone against each other), it is going to be an extraordinary event with very attractive conditions for all the ambitious kickboxers in Light Contact, Kicklight and Point Fighting.

In addition to a lot of national guests we are also going to welcome kickboxers from all around the world. According to the motto: "Fighting together and getting better together!" we organise a fantastic tournament for our national but also international talented and successful athletes.

We offer accommodation in a school right next to the gym so there will be no need of transfer. As in every Olympic village all the guests, trainers and co-trainers can be hosted there economically.

We are very happy to welcome you in Hamburg and wish you a great success in the tournament!

Sportive greetings,

André Wendt
Organiser International Alster Cup 2020

INTERNATIONAL ALSTER CUP

1. INTERNATIONALER ALSTER CUP 2020

Different to all other kickboxing-tournaments of the WKU the fights at the International Alster Cup will be in the mode of Round-Robin.

This means all categories will be performed in everyone against each other. All competitors of the same age and weight category fight in the mode of Round-Robin, 8 competitors in total. There will be two 3rd places.

Due to organisational reasons two starts in different weight categories will not be possible.

Two starts in Light Contact and Point Fighting will be possible though.

That way all competitors have various fights and get the opportunity to try out new techniques or deepen their techniques and tactics.

GUIDELINES

All competitions will be performed in order to the valid guidelines of the World Kickboxing and Karate Union (www.wkuworld.com). If there are less than six competitors in one weight category the host can decide to combine different weight categories.
